**Subject:** Thanks and Liaison Group

Jeff:

Thanks to you and your colleagues for a most generous welcome to your campus this week. It was a pleasure to talk with you and consider how HSU and CR might work together for the benefit of our students and the region. We suggest that we plan a meeting next month of the proposed liaison group. If you let us know whom you would like to include in our initial meeting, I will ask my colleagues to arrange the meeting with your calendars and suggest that we hold it at the Aquatic Center in Eureka to reduce your travel time somewhat.

Bob Snyder and I have prioritized the potential issues that the group might discuss as follows:

### High Priority

Distance Education - collaboration on workshops to assist faculty and staff in developing online courses

Collaboration on financial aid assistance for students

Joint student recruiting efforts

Plans for offering developmental courses on the HSU campus by CR faculty

### Medium Priority

Collaboration on the development of services for disabled students

Sharing instructional sites - Eureka CR facility, Eureka HSU Aquatic Center

CR Student access to HSU Recreation Center, new Kinesiology/Athletics building, Aquatic Center

Collaboration on the development of transportation options for students - sharing JackPass

### Low Priority

Applied Technology cooperation

Bridge program for international students

Please suggest additional items or a revision of this ranking that we can discuss at the first meeting. I would also suggest that the frequency of meetings, persons who should attend and location of future meetings should be on our first agenda.

Thanks for considering this and again for your warm welcome. I'll look forward to hearing from you. Rollin
