

POLICY AND ADMINISTRATIVE PROCEDURES

All policies and administrative procedures are available to employees and the public through the President's Office and the District web site.

The Board shall consider the development and revision of all policies related to board authority and governance. Changes to other policies and administrative procedures may be recommended by the Academic Senate, Sr. Staff, or Associated Students. These policies and administrative procedures involving the operation of the college shall be normally presented to College Council so that all represented groups are allowed to provide input.

In accordance with District policies, College Council is composed of representatives of students, faculty, classified employees, and administration. Other employees with expertise in specific areas governed by a District policy may be consulted during the revision process.
