## Who We Are

### About Us

The Multicultural & Diversity Center is a dynamic and inclusive place that supports all students in their academic and personal journeys at college. We do this by creating community, home away from home, and a safe place for cultural expression, cross-cultural learning, access to college and dignity resources, and social justice work opportunities. The Center is committed to retention and student success by offering activities related to leadership development, student connectedness and student equity. We are a student-centered program that fosters respect for all people.

## MCDC Ambassadors

### Purpose

We share our stories in an effort to encourage our audience to feel empowered by their personal experiences, leading to a more inclusive environment at College of the Redwoods.

## Multicultural Grad Celebration

### Purpose

During the celebration, we hope to create a hallmark for future students’ completion of their degree, but to also to recognize the diversity of our community. The ceremony acknowledges the value and uniqueness of our underrepresented student experiences and serves to commemorate the accomplishments of those students that participate in this celebration.
