

ANTHROPOLOGY (ANTH)

About the program

According to the American Anthropological Association, anthropology is “the study of humans, past and present. To understand the full sweep and complexity of cultures across all of human history, anthropology draws and builds upon knowledge from the social and biological sciences as well as the humanities and physical sciences. A central concern of anthropologists is the application of knowledge to the solution of human problems. Historically, anthropologists in the United States have been trained in one of four areas: sociocultural anthropology, biological/physical anthropology, archaeology, and linguistics.” To that end, the following degree program provides coursework in the four subdisciplines, as well as courses within a variety of social, biological, and physical sciences, as well as the humanities. This degree prepares students to pursue seamlessly a baccalaureate degree in Anthropology at a CSU.

The Associate in Arts in Anthropology for Transfer is intended for students who plan to complete a bachelor's degree in Anthropology at a CSU campus. Students completing the Associate in Arts in Anthropology for Transfer degree

are guaranteed admission to the CSU system, but not to a particular campus or major.

To meet the requirements for this degree the students must:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:

a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.

b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average (GPA) of 2.0.

ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A “P” (Pass) grade is not an acceptable grade for courses in the major.
