The North Coast Paramedic A.S. Degree prepares students for careers as Paramedics.

Suggested Program Sequence

Fall Start

- Semester 1 HO 170A
- Semester 2 HO 170B
- Semester 3 HO 170C
- Semester 4 HO 170D

Program Learning Outcomes

- Identify the roles and responsibilities of a paramedic and how these support the roles and responsibilities of other healthcare professionals.
- Apply the basic concepts of development, pathophysiology and pharmacology to the assessment and management of emergency patients and communicate the findings to others.
- Integrate pathophysiological principles and assessment findings to formulate a field impression, and implement a treatment plan for emergency patients.
- Apply concepts of social interaction and communications with teams and individuals.
- Manage the scene of an emergency safely and efficiently.
- Achieve national certification as a paramedic.
