Full payment: Pay the full amount prior to start of season.

EBT Payment: We now accept EBT! We will collect EBT payment each week if you choose this option.

WE APPRECIATE YOUR INTEREST IN THE CSA PROGRAM!

Please use this info sheet for general information on how the program works.

PICK-UPS WILL BE ONCE PER WEEK.

Tentatively, there are three pick up locations and times:

- CR Main Campus, **Tuesday 3:30-5:00pm**
- Fortuna Community Garden, **Tuesday 3:00-4:30pm**
- Kneeland Glen Farmstand, **Thursday 4:00-5:30pm**

These locations and times are subject to change. Often we need to shift due to changing semester and student schedules. Please be aware of this.

SHARE SIZE INFORMATION:

- **Regular share sizes will provide roughly \$20 in organic produce each week.** Depending on produce consumption, this share size can accommodate one to three people.
- **Large share sizes will provide roughly \$30 in organic produce each week.** Depending on produce consumption, this share size can accommodate two to five people.

What to Expect in Your Share:

- Each week we will try to provide a variety of at least six different crops. Seasonality of produce will shift throughout the season, as greens will be early on, shifting to warm season crops such as tomatoes and peppers in the middle, and storage crops towards the end. The size of your share will also fluctuate to a degree, as some weeks we will have more bountiful harvests than others.

We put in effort to provide our CSA members with a wide variety of crops throughout the season. This is a fun and challenging part of operating a CSA, and hope that our members enjoy the unique varieties we grow. However, if you only like certain produce we grow at the farm, we suggest you instead shop at our **Campus Farm Stand**. View the events calendar at www.redwoods.edu/events for planned Farm Stand days and times.

** We understand that since the pick-up day is not yet finalized, you could sign up and then realize the pick-up time does not work for your schedule. We will do our best to accommodate a different time for these members, but please accept a refund for your share if we cannot accommodate. We encourage getting your produce at the campus farm stand if your schedule doesn't work for the selected pick-up time.*
