

**Board of Trustees  
2018-2019 Goals and Objectives**

**1. Accreditation**

Support, through our policy role, all accreditation efforts as well as adherence to all AACJC standards and Commission policies.

- a. At Board meetings, following the Board calendar, receive regular accreditation update reports, including progress on SLOs, fund balance reserves, policy updates, program reviews and follow-up reports.
- b. Support the administration's continual work to ensure the District meets or exceeds all accreditation standards and eligibility requirements.

**2. Fiscal Stability**

Ensure the fiscal health of the District by making decisions that lead to long-term sustainability.

- a. Review and discuss monthly financial reports to the Board in order to monitor the financial performance of the District.
- b. Receive and adopt an updated Education Master Plan that sets out a path to sustainable enrollment.
- c. Review and discuss enrollments trends and progress toward sustainable enrollment.
- d. Review and discuss the District audit report, schedule and timing.
- e. Receive semi-annual reports of delinquent accounts receivable.

**3. Student Success and Equity**

- a. The Board will regularly review and discuss data relevant to student success, access and equity with the goal of improving upon programs and services we offer to promote student learning.

**4. Relationship with President/Superintendent**

Within the Board policy and administrative procedure framework, empower the President/Superintendent to manage day-to-day operations of the district.

- a. Through semi-annual evaluations, hold the President/Superintendent accountable for implementation of policy, progress on his goals, and fulfillment of the District mission.
- b. Through the policy role, review reports and data that help guide the District to achieve the missions of student success and sustainable enrollment.
- c. Support the administration's efforts to implement strategies that promote diversity and inclusion in hiring.

## **5. Future of College of the Redwoods**

Review trends in community college education and planning for the future of College of the Redwoods.

- a. Support and ensure the development and completion of a Facilities Master Plan that is linked to an updated Educational Master Plan.

## **6. Board Development**

Continually strive to develop professional skills and knowledge to be excellent trustees in service to the District.

- a. Be engaged in a continuous process of professional development to fulfill the role of the Board of Trustees through conference and workshop attendance within the annual budget.
- b. Schedule and participate in workshops focused on Board Development.
- c. Trustees will advocate as prescribed by policy for key legislative actions which advance the mission and enhance the funding of the District.

## **7. Foundation**

- a. Continually monitor and support the efforts and progress of the Foundation in meeting its goals.
