## College of the Redwoods Information:

**Art Studio=ART-17 only applies at college of the Redwoods
**Computer Science=CIS-1 or 12 only applies at College of the Redwoods

## CSU Information:

1. These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE-Breadth area. See Executive Orders 1036 and 110 for details.
2. Areas of GE Breadth (A1 through E) are defined in EO 1100. Areas of American Institutions (US-1 through US-
3) are set forth in Sections IA and IB of EO 1061, and at assist.org.
3. Students seeking certification in GE Breadth prior to transfer must have passed the test before this date.
4. If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.
5. Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1 and B3 or B2 and B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1 and B3.
6. If a student passes more than one AP exam in
physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth.

## IGETC Information:

* AP Exams may be used in either area regardless of where the certifying CCC's discipline is located.
Disclaimer: This chart provides guidelines for external exams applied as universal system minimums.
Each campus in the CSU and UC system will list in
their catalog their own additional guidelines to determine how a student's external exams will be applied toward campus and/or major credit.
