# ARTICULATION & TRANSFER

*It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.*

## CSU GE-Breadth Requirements:

The CSU GE-Breadth Requirements is a lower division 39 semester unit pattern with selected courses in specific areas of study. Each of the areas has a minimum number of units or courses. California Community College or other certifying institution can certify up to 39 lower-division GE-Breadth semester units. Students who are certified with 39 semester units of lower-division GE-Breadth units will only be required to complete a minimum of 9 semester units of upper division general education work after transfer to the CSU campus. It is important that you request that your California Community College certify completion of California Community College coursework that meets CSU general education requirements. Certification means that CSU will accept these courses to meet the CSU GE-Breadth areas designated by your California Community College. California Community Colleges can certify each subject area (Area A, B, C, D, E) or the whole pattern.

## Associate Degree for Transfer

This joint transfer program from the California Community Colleges and the California State Universities makes it easier for students like you to transfer between the two school systems. For the first time in California history, community college students who complete an AA-T or AS-T will be guaranteed admission to the California State University (CSU) system. With an Associate Degree for Transfer, you have the opportunity to complete two degrees with only 120 units if you apply and are admitted into a similar degree program.

Through this program, students who complete an AA-T or AS-T will be given a special GPA advantage when applying to CSU impacted campuses or majors.

The best part? Students with an AA-T or AS-T enter the CSU system with junior standing. Students who are admitted to a program that has been deemed similar will need only 60 more semester units (or 90 quarter units) to complete a bachelor's degree.

Find program requirements for each AA-T or AS-T with other programs in the following subjects: Administration of Justice, Agriculture Plant Science, Anthropology, Biology, Business Administration, Communication Studies, Early Childhood Education, English, Geology, History, Kinesiology, Mathematics, Philosophy, Physics, Political Science, Psychology, Sociology, and Studio Arts.

## Intersegmental General Education Transfer Curriculum (IGETC):

The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern of courses that California community college students can follow to satisfy lower-division general education requirements at any California State University (CSU) or University of California (UC) campus. Students who do not qualify for a full or partial certification of their IGETC before transfer will be required to complete the General Education pattern of the UC or CSU campus to which they transfer.

Students should be aware that additional courses are often required to fully satisfy the General Education requirements of the particular UC or CSU campus to which they transfer. IGETC is not advisable for all transfer students. Students should meet with a counselor to determine the appropriate general education option for their transfer goal. To be eligible for UC admission, students must complete 60 semester units of transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents). No more than 14 semester units may be taken Pass/Not pass.

## Transfer Admission Guarantee (TAG)

Six UC campuses at Davis, Irvine, Merced, Riverside, Santa Barbara and Santa Cruz offer guaranteed admission to California Community College students who meet specific requirements.

By participating in a Transfer Admission Guarantee (TAG) program, you will receive early review of your academic records, early admission notification and specific guidance about major preparation and general education coursework. Use the online Transfer Admission Planner to complete a TAG application, and review it with your college counselor.

The Fall 2019 TAG Filing period is Sept 1-30 2018.

## Articulated Transfer agreements

College of the Redwoods negotiates agreements with a number of colleges and universities whereby, these institutions guarantee that they will accept certain College of the Redwoods courses as fulfilling specific lower division requirements in various major fields. These transfer agreements are also referred to as 'Articulation Agreements.' Transfer information for College of the Redwoods programs may be obtained at [www.assist.org](http://www.assist.org). You can also refer to the College of the Redwoods Articulation page for additional articulation information.
