**Would you like to add any additional comments about your experience at Eureka Downtown site?**

- A printer please
- Access to computers at this site and Arcata (meaning times when the lab is not in use by a class) is very important to me.
- Clean, quiet, seems to provide amenities needed, would be nice if more gen. ed classes could be held in the 9-noon time slot to alleviate the burden of space and parking issues at the main campus.
- Desks in CPU labs don't offer room to have your books on the desk w/ you and the computers are picky about reading thumb drives.
- Easy access. Easy and free parking! No long walking or hills to get to class especially after dark.
- I'm glad to see more classes, especially in the evening. Classes that meet general education requirements that are transferable to all universities.
- I'm rich
- I'm very pleased with my first time taking a class here at the downtown campus. It's an advantage to have smaller classrooms and the convenience of being near my home.
- I've never had either of the instructors I have this semester but I like them and the classes. It's convenient to have my early classes so near my home, so that I'm not late. I drive to the main campus in the afternoon, but I'm having an easier time getting to the classes here in the morning.
- I am enjoying this class experience very much, and expect to take other classes in the future.
- I am only taking one class so its much easier to attend this campus. Its easy and centrally located.
- I like the classroom set ups. Its clean & roomy and the chairs are comfortable. I like that his campus is closer than CR main.
- I like the downtown site because it has nice equipment and is a new building. But I take night classes and I would feel more comfortable if the security guard patrolled the parking lot as we exit the building instead of talking on his cell phone and looking at his email.
- I live 1 block away from the downtown site so it is super easy to get to and on campus. If available, I would take all my classes here.
- I love the comfortable chairs, lighting, and spacious room!
- I really enjoy coming to the Eureka site, I just hope they will offer more classes.
- I really enjoy taking classes at the Eureka Downtown site. The building is very clean and quite. I wish we could teach more classes such as medical assisting and general ed. classes. Also, more variety of teachers to teach here from the Eureka main campus.
- I think that the books need to be listed online with the classes. I received the wrong books for my class even after giving the bookstore my schedule.
- I walked in and staff made it easy and simple to register. I didn't even know I wanted to go to school.
- I would attend if more classes offered/computers /resources books 2 rent on site
- I would like more computer related classes
- If the security guard is one duty have him walk with student out. Do your job!!
- It's very nice that it is close to work and my house. It saves a lot of time & gas not having to drive all the way out to the Eureka main campus.
- It needs a paint job in the classes! Its too institutional! Maybe some color would be nice.
- It seems very nice, and its warm. However, I prefer Eureka main campus.
- It would be nice to have a room available for study groups
- It would help if there was a printer in the lobby.

- Its been great!
- Just the bookstore closing so soon.
- Keep up the excellent services. There is a staff member who is a great role model for young men.
- More 1 day per week classes, more general classes, business, math. Also advertise to students who arrive her , your services offered. I had no idea you sold paper here ect...
- More classes
- My experience so far has been great. This is my first time taking classes out here and I will reconsider taking more. Faculty and staff have been extremely helpful. I hope this site doesn't shut down and I hope more General ed classes such as History 8/9 were offered.
- My main concern is the limited number of classes offered here and also the time of day. I would prefer evening classes.
- Need bus major classes & general ed offered at night
- Need printers and computer lab
- Needs more classes, especially @ Arcata Downtown. English 1A/1B, Political Science, Math
- No, I'm satisfied
- Offer more classes please.
- Oh, I only wish you offered more sections of the GE classes and a larger variety of other classes as well, I like forestry and agriculture and the like.
- Only 1 of 3 required classes I am taking this semester were offered at the Downtown site, & in the 11:30-1 block it then conflicted with other classes at the main campus.
- Over all it is a very wonderful site, it would be helpful for the administration to offer more classes and services
- Please be patient with class size while the word gets out about how terrific these off-campus sites are. Please don't cancel my psych class. It's really terrific. Great teacher.
- Please carry classes needed for AA degree or transferable class to a 4-yr university. Thanks
- So far so good, convient location, would appreciate access to text on reserve @ Dwtown site.
- Thank you for making it easier for me to achieve my degree. And go on to a 4 yr school.
- Thank you for offering classes closer to home.
- Thanks for the candy
- Thanx! This is a convenient location.
- The Downtown site is very convenient well located. I wish there were more credits for transfer available here.
- The only thing that can improve so far that the classrooms are always really cold.
- The site seems very well organized but needs a computer lab. Perhaps one could be offered w/ sign up if there's some issue with running a fully open one like mother other sites have.
- Too new to tell...1st class in 30 years!
- Turn down the heat a little bit
- Very close, convenient. Offer more classes
- Very thankful classes are being offered here.
- Very thankful for this site. Wonderful for disabled students. Saves gas.
- Well not so much about Eureka, but more classes in Arcata would be better.
- Wireless internet would be fantastic. Also, some form of mini-cafeteria- hot water, microwave, basic food, ect. My class is 6-9 pm, and dinner is rare. Would like some other options in this campus- at least a microwave.
- You should offer more classes
