

ATI TEAS Remediation 2024

Listed below are the guidelines for retaking the TEAS:

1. You must earn a minimum score of 62 on your retake to pass the TEAS exam.
2. You may retake the TEAS exam if you did not pass or would like to improve your score.
3. If you choose to retest, you may not retest any sooner than 90 days from the date of your previous test date.
4. Results of your retake must be available at the time of application to the program.
5. If the exam is not passed, you will be ineligible for admission and will need to apply at the next application cycle.

To assist your success in retesting, do not test prior to remediating. You are strongly encouraged to utilize the following remediation strategy.
