### **Academic dishonesty**

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct ([AP 5500](#)

[Links to an external site.](#)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [2024-2025 College Catalog Links to an external site.](#) and [CR Board and Administrative Policies](#)

[Links to an external site.](#).

### **AI Use Class Policy**

Artificial Intelligence has its place, however this classroom is not one of them. Do not copy and paste information. Do not expect AI is correct or accurate, especially with scientific and technical information. All writing should be in your words. I would rather you submit a "decent" paper/answer that you wrote instead of a great one produced by a machine. Agricultural Sciences require that you understand and utilize concepts in the field. Taking shortcuts by using AI not only hurts your future ability to succeed, but also will hurt your grade. If you are suspected of copy-pasting AI generated information, you may be asked to produce proof that the work is your own.

### **Disruptive Behavior**

Student behavior or speech that disrupts the instructional setting will not be tolerated. Disruptive conduct may include, but is not limited to: unwarranted interruptions; failure to adhere to instructor's directions; vulgar or obscene language; slurs or other forms of intimidation; and physically or verbally abusive behavior. In such cases where the instructor determines that a student has disrupted the educational process, a disruptive student may be temporarily removed from class. In addition, the student may be reported to the Chief Student Services Officer or designee. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [2024-2025 College Catalog](#)

[Links to an external site.](#) and [CR Board and Administrative Policies](#)

[Links to an external site.](#).

## **Inclusive Language in the Classroom**

College of the Redwoods aspires to create a learning environment in which all people feel comfortable in contributing their perspectives to classroom discussions. It therefore encourages instructors and students to use language that is inclusive and respectful.
