Discussion initial posts **do not have extensions**, as your classmates rely on your timely post to respond. **Time management** is an essential business skill, and once an assignment closes, we move forward to the next topic.

Online Participation

The college environment is a place of scholarly and professional development. As such, in all our interactions, we should maintain an attitude of kindness, respect, and a core emphasis on acquiring knowledge. Dissent and differences of opinion are natural and encouraged, as long as they are centered on the subject matter and not the individuals involved. Higher education encourages us to explore diverse ways of thinking. By being receptive to novel viewpoints, you can enrich and enhance your educational journey.

Academic Honesty

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student’s status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct is available by request. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is also available in print, by request.

AI Use Policy

- AI tools (such as ChatGPT) are **allowed** in this course **only as learning supports**.

- You **may** use AI to brainstorm, clarify concepts, organize ideas, or improve the clarity of **your own writing**.
- You **may not** copy and paste AI-generated text, submit AI-written responses, or lightly edit AI output and turn it in as your work.
- **AI copy-paste = automatic zero.**
- If you use AI at any point, you **must** include an **AI Use Statement** listing the tool used, how you used it, and one example prompt.
- Failure to disclose AI use is considered **academic dishonesty**.
- You are responsible for accuracy, original wording, and understanding your work.
- If you can't explain it, don't submit it.
- When in doubt, use the AI checklist located under **Module: Syllabus and Important Information**.

Gender-Inclusive Language in the Classroom

College of the Redwoods aspires to create a learning environment in which all people feel comfortable in contributing their perspectives to classroom discussions. It therefore encourages instructors and students to use language that is

gender-inclusive and non-sexist to affirm and respect how people describe, express, and experience their gender. Just as sexist language excludes women's experiences, non-gender-inclusive language excludes the experiences of individuals whose identities may not fit the gender binary, and/or who may not identify with the sex they were assigned at birth.

Gender-inclusive/non-sexist language acknowledges people of any gender (for example, first year student versus freshman, humankind versus mankind, etc.), affirms non-binary gender identifications, and recognizes the difference between biological sex and gender expression.

Students have the ability to have an alternate first name and pronouns to appear in Canvas. Contact [Admissions & Records](#) to request a change to your preferred first name and pronoun. Your Preferred Name will only be listed in Canvas. It does not change your legal name in our records. See the [Student Information Update form](#).
