## Grade Calculations

Your final grade will be based on the total points you have earned throughout the semester. After each assignment is graded your point value will be posted into the Canvas grade book. You will be able to keep track of your total points throughout the semester at the course Canvas site. Grading rubrics are available for each weekly forum. (For more refer to the Canvas help menu.)

Points can only be earned by completing the above assignments by the deadline. There will be no extra credit available. A grade of "C" is considered "satisfactory, a "B" is good and an "A" is excellent. My grading criteria is based on the belief that meeting the basic assignment criteria is satisfactory so a "C". To earn a grade higher a student must reach beyond the basics and do more than the basic assignment criteria. An excellent student demonstrates initiative. The difference between doing what is spelled out in the assignment and thinking about how to deepen the assignment what demonstrates excellence. By taking it to the next level you are demonstrating your advanced leaning and commitment to excelling.

Assignments are due by 11:59 P.M. on the due date given. Late assignments are accepted for up to two weeks after the due date (except assignments due within two weeks of the end of the semester) but will be graded down a full letter grade for each week or portion of a week. After two weeks assignments, will not be accepted.

### Course Grade

94 to 100 = A

90 to 93.99 = A-

86 to 89.99 = B+

83 to 85.99 = B

80 to 82.99 = B-

76 to 79.99 = C+

70 to 75.99 = C

60 to 69.99 = D\*

0 to 59.99 = F

\*Please remember that Community Care Licensing and the Commission on Teacher Credentialing only accept grades of "C" or better. Although a "D" grade is considered passing, it will not meet the requirements to be a fully qualified Title 22 program director or to earn a child development permit. Students may be dropped from the course at the faculty's discretion if you have failed to log into the course and submit assignments or post into the discussion forums for over two weeks or if the points attained indicate that you are definitely failing the class. Please reach out to me if you have a situation where you are not able to participate on a regular basis due to a documentable reason and I will work with you to find a solution.

## **Technology Requirements (computer, other hardware, and software)**

This is a hybrid class, so you need to have access to a computer with reliable internet, as well as adequate up-to-date software. The Computer Lab is a great option. Do NOT plan to participate in this class solely from a portable device. If you do decide to use your portable device for some of your class work, use the free Canvas app (called "Canvas by Instructure") available in iTunes (for iOS) and the Google Play Store (for Android). Do not try to connect to Canvas using a web browser on a portable device. Your experience with Canvas will be a lot better using the app.

## **Netiquette**

Please be Polite. In an online environment, this is called netiquette. Sometimes it is difficult to convey nuance or humor through written (electronic) communication. Just be respectful to your classmates and be kind, considerate, and forgiving in all of your posts in the discussion forums. Adhere to the same standards of behavior online that you follow in real life, because you don't want to forget: Real humans read your posts. After all, our Canvas space is our classroom, and we want to create a positive, collaborative, interesting community.

## **Academic dishonesty**

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct ([AP 5500](#)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [College Catalog](#) and on the [College of the Redwoods website](#).

## Disruptive behavior

Student behavior or speech that disrupts the instructional setting will not be tolerated. Disruptive conduct may include, but is not limited to: unwarranted interruptions; failure to adhere to instructor's directions; vulgar or obscene language; slurs or other forms of intimidation; and physically or verbally abusive behavior. In such cases where the instructor determines that a student has disrupted the educational process, a disruptive student may be temporarily removed from class. In addition, the student may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct ([AP 5500](#)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [College Catalog](#) and on the [College of the Redwoods website](#).

## Inclusive Language in the Classroom

College of the Redwoods aspires to create a learning environment in which all people feel comfortable in contributing their perspectives to classroom discussions. It therefore encourages instructors and students to use language that is inclusive and respectful.
