Points can only be earned by completing the above assignments by the deadline. There will be no extra credit available.

A grade of "C" is considered "satisfactory, a "B" is good and an "A" is excellent.

My grading criteria is based on the belief that meeting the basic assignment criteria is satisfactory so a "C". To earn a grade higher a student must reach beyond the basics and do more than the basic

assignment criteria.

An excellent student demonstrates initiative. The difference between doing what is spelled out in the assignment and thinking about how to deepen the assignment what demonstrates excellence. By taking it to the next level you are demonstrating your advanced leaning and commitment to excelling. Assignments are due by 11:59 P.M. on the due date given. Late assignments are accepted for up to two weeks after the due date (except assignments due within two weeks of the end of the semester) but will be graded down a full letter grade for each week or portion of a week. After two weeks' assignments, will not be accepted.

Course Grade* 94 to 100 = A

90 to 93.99 = A-

86 to 89.99 = B+

83 to 85.99 = B

80 to 82.99 = B-

76 to 79.99 = C+

70 to 75.99 = C

60 to 69.99 = D*

0 to 59.99 = F

***Please remember that Community Care Licensing and the Commission on Teacher Credentialing only accept grades of "C" or better.** Although a "D" grade is considered passing, it will not meet the requirements to be a fully qualified Title 22 program director or to earn a child development permit.

Students may be dropped from the course at the faculty's discretion if you have failed to log into the course and submit assignments or post into the discussion forums for over two weeks or if the points attained indicate that you are failing the class. Please reach out to me if you have a situation where you are not able to participate on a regular basis due to a documentable reason and I will work with you to find a solution.

Academic dishonesty

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct ([AP 5500](#)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [2024-2025 College Catalog](#) and [CR Board and Administrative Policies](#).

AI Use Class Policy

Recent advancements in generative artificial intelligence (AI) have made large language models such as ChatGPT and Google's Bard widely available. Sometimes, using these tools appropriately can help us overcome barriers and allow us to focus on deeper learning. However, overuse of these tools can undermine the development of our critical and creative thinking skills. In addition, AI outputs are often unreliable and frequently subject to bias. For these reasons, it is sometimes appropriate and sometimes inappropriate to use generative AI in the completion of assignments or in discussion posts.

In this class, you must indicate at the start if you used AI to generate content you submitted in an assignment.

(Example- "AI used to write this...")

Also, please remember that **you** are responsible for anything you submit; please carefully review all AI-generated outputs, screening them for accuracy, bias, appropriateness, and fidelity to your perspective.
