#### **Grade Calculations**

Your final grade will be based on the total points you have earned throughout the semester. After each assignment is graded your point value will be posted into the Canvas grade book. You will be able to keep track of your total points throughout the semester at the course Canvas site. Grading rubrics are available for each weekly forum. (For more refer to the Canvas help menu.)

Points can only be earned by completing the above assignments by the deadline. There will be no extra credit available. A grade of "C" is considered "satisfactory, a "B" is good and an "A" is excellent. My grading criteria is based on the belief that meeting the basic assignment criteria is satisfactory so a "C". To earn a grade higher a student must reach beyond the basics and do more than the basic assignment criteria. An excellent student demonstrates initiative. The difference between doing what is spelled out in the assignment and thinking about how to deepen the assignment what demonstrates excellence. By taking it to the next level you are demonstrating your advanced leaning and commitment to excelling.

Assignments are due by 11:59 P.M. on the due date given. Late assignments are accepted for up to two weeks after the due date (except assignments due within two weeks of the end of the semester) but will be graded down a full letter grade for each week or portion of a week. After two weeks assignments, will not be accepted.

#### Course Grade

94 to 100 = A

90 to 93.99 = A

86 to 89.99 = B+

83 to 85.99 = B

80 to 82.99 = B

76 to 79.99 = C +

70 to 75.99 = C

 $60 \text{ to } 69.99 = D^*$ 

0 to 59.99 = F

\*Please remember that Community Care Licensing and the Commission on Teacher Credentialing only accept grades of "C" or better. Although a "D" grade is considered passing, it will not meet the requirements to be a fully qualified Title 22 program director or to earn a child development permit. Students may be dropped from the course at the faculty's discretion if you have failed to log into the course and submit assignments or post into the discussion

forums for over two weeks or if the points attained indicate that you are definitely failing the class. Please reach out to me if you have a situation where you are not able to participate on a regular basis due to a documentable reason and I will work with you to find a solution.

# Fake Student Policy

Fraudulent enrollments are on the rise. To ensure that real students can get seats in the class, no shows will be dropped in the middle of the first week of classes. Also, if you are suspected of being a bot, you will be dropped from the class. If you have been dropped but are a real student, please contact your instructor right away to be reinstated in the class.

Important Spring 2025 Academic Dates

# **Academic Dishonesty**

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500 (https://go.boarddocs.com/ca/redwoods/Board.nsf/goto?open&id=C9RVCG801790)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the College Catalog (https://www.redwoods.edu/academics/catalog.php) and on the College of the Redwoods website (https://www.redwoods.edu/).

## Al Use Class Policy

Recent advancements in generative artificial intelligence (AI) have made large language models such as ChatGPT and Google's Bard widely available. However, overuse of these tools in this class can undermine your learning and curtail the development of your critical and creative thinking skills. In addition, AI outputs are often unreliable and frequently subject to bias. For these reasons, the policy of this class is that **AI cannot be used at any point in the completion of class assignments**, including discussion posts. Any or all of your assignment submissions and discussion posts may be screened by AI detection software, but the real penalty for AI misuse is that you will miss out on an opportunity to learn.

### **Disruptive Behavior**

Student behavior or speech that disrupts the instructional setting will not be tolerated. Disruptive conduct may include, but is not limited to: unwarranted interruptions; failure to adhere to instructor's directions; vulgar or obscene language; slurs or other forms of intimidation; and physically or verbally abusive behavior. In such cases where the instructor determines that a student has disrupted the educational process, a disruptive student may be temporarily removed from class. In addition, the student may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500 (https://go.boarddocs.com/ca/redwoods/Board.nsf/Public?open&id=policies) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the College Catalog (https://www.redwoods.edu/academics/catalog.php) and on the College of the Redwoods website (https://www.redwoods.edu/).

# Inclusive Language in the Classroom

College of the Redwoods aspires to create a learning environment in which all people feel comfortable in contributing their perspectives to classroom discussions. It therefore encourages instructors and students to use language that is inclusive and respectful.

### **DEIA+A Commitment Statement**

Each of us is responsible for creating and maintaining inclusive environments. Inclusive environments require us to work to identify, examine, and limit the ways our implicit social biases impact our actions. Learning can happen when diversity and individual differences are understood, respected, appreciated & recognized as a source of strength, benefit and resource. Incidents of bias, discrimination, and microaggressions do occur, whether intentional or unintentional. These things contribute to creating unwelcoming environments for individuals and groups at our college. CR encourages anyone who experiences or observes environments at our college that become unfair or hostile on the basis of peoples' identities to speak out for justice and support. Speaking out can take place within the moment of the incident or after the incident has passed. Anyone can share these experiences with a trusted

CR faculty/staff/administrator, or by using the following CR resources: Unlawful
