NORTH COAST RESOURCE FAMILY TRAINING MODULE 4

Pre-Service Training

Accessing Health Services

- □ Foster Youth's CWS Primary Social Worker is always your main contact
- □ Public Health Nurses in the Foster Care Unit
 - □ Verify medical background
 - □ Scheduling reminders of yearly medical & dental appointments
 - □ Youth are assigned to PHN by first letter of last name
- ☐ HEP: Health & Education Passport
 - Historical information regarding each Foster Youth that you will receive after placement
 - Includes immunization record

Accessing Health Services

- All Foster Youth are eligible for MediCal health insurance
 - You should receive a copy of their MediCal card soon after placement
 - Foster Youth should be taken to their primary care doctor for a check up within 30 days of a new placement, and as needed, at least annually
 - Foster Youth, 1 year and older, must receive dental care at least annually
 - If under 3 years old, can go to/get well dental check
 - Burre Dental Center, Open Door Health Center
 - If major surgery and/or anything involving anesthesia is necessary, the court must grant permission before the procedure is done – let the Social Worker know
 - Except in the case of emergencies, when medical care is to be delivered without prior permission

Common Health Issues of Foster Youth

- Immunizations are to be provided to Foster Youth on schedule
- If a Foster Youth is in the Family Reunification program at CWS, their parent(s) are allowed to attend medical appointments, as are Foster Parents
- □ The court will appoint a Foster Youth's "Medical Rights Holder", who may be the biological parent or relative, CASA worker, attorney or someone else. This person makes medical decisions on the youth's behalf.
- If unable to attend with parents, contact Social Worker

Reproductive Health

☐ The duties and responsibilities of the Resource Family in ensuring children and non minor dependents can obtain sexual and reproductive health services and information.

WD 20

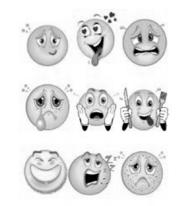

□ Guidance about how to engage and talk with children and non minor dependents about health sexual development and reproductive and sexual health in a manner that is medically accurate, age or developmentally appropriate, trauma-informed, and strengths-based.

Behavioral Health Services

- All youth coming in to CWS are screened for mental health service need, but if you believe a youth in your care could benefit from mental health services, contact the CWS Social Worker
- If a Foster Youth meets criteria, they will be assigned a Primary Clinician and possibly a Case Manager through the Mental Health. They may receive a range of services, some of which can be intensive
 - IHBS In Home BX Services
 - ICC Intensive Case Carriers
- CFT = Child & Family Team Meeting, held for all Foster Youth and substitute care providers should be asked to participate

Recognizing Behavioral Health Needs

- □ Mood changes
- □ Intense feelings
- □ Behavior changes
- □ Difficulty concentrating
- □ Unexpected weight loss/gain
- □ Physical symptoms (somatic)
- ☐ Physical harm/self harm/suicide
- □ Substance use

Psychotropic Medications

- Mental Health & Medical Professionals are the only ones who can diagnose mental illness and only some professionals have prescriptive authority (e.g. psychiatrist, nurse practitioners, M.D.s, D.O.s, etc.)
- Psychotropics are a class of medications used to treat symptoms of mental, emotional, or behavioral health disorders
- ☐ They target the central nervous system to improve how a person thinks, feels and/or behaves

Use of Psychotropic Medications

- Most children do not need psychotropic medication as part of their treatment.
- But for some, psychotropic medication may be needed temporarily or more long-term to help alleviate symptoms affecting their daily functioning.
- Medication should not be the only help a youth is receiving. Other services for youth and their families increase the likelihood of improvement.
- Studies continue to find that children in foster care have higher rates of inappropriate or excessive medication use so extra precautions are used.

Role of Resource Family with Psychotropic Medication Administration

- □ Complete court survey when you receive it (JV-219 Statement About Medicine Prescribed)
- Seek or obtain knowledge on prescribed medication
- □ Administer medication only as prescribed
- □ Provide safe storage of all medications
- ☐ Ensure that the child/youth takes the medication
- □ Monitor for side effects and/or improvements
- Attendance and advocacy at scheduled medication management appointments
- Obtain timely refills to ensure no gaps in medication treatment

AB 537 Fact Sheet

California Student Safety and Violence Prevention Act

What is AB 537?

AB 537, the California Student Safety and Violence Prevention Act of 2000, changed California's Education Code by adding actual or perceived sexual orientation and gender identity to the existing nondiscrimination policy. State law says that "gender' means sex, and includes a person's gender identity and gender related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth." The nondiscrimination policy also prohibits harassment and discrimination on the basis of sex, ethnic group identification, race, ancestry, national origin, religion, color, or mental or physical disability.

What does AB 537 cover?

AB 537 protects students and school employees against discrimination and harassment at all California public schools and any school receiving state funding except religious schools. Harassment is defined as "conduct based on protected status that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment." The protections cover any program or activity in a school, including extracurricular activities and student clubs. This gives GSAs and other LGBTQ-related student clubs state protection in addition to federal protection through the Equal Access Act.

How do you file a complaint?

First, file a complaint with your school. The process for filing a complaint at your school can vary. Look for information on how to make a complaint in your student handbook or ask a teacher or an administrator. It is often the same process as filing a sexual harassment complaint. If your school's harassment report form does not specifically include sexual orientation and the expanded definition of "gender," consider working to change this as a goal of your activism.

Document everything. Write down the key details of the harassment such as who, what, when, where, and witnesses. Include details from meetings you have with administrators. Keep a copy of all reports you file and confirmation that they were received.

What is your school district obligated to do?

If your school does not adequately address your complaint, you can take your complaint to your district superintendent's office (ask for the designated complaint officer or compliance coordinator). Your school district must follow the state's "Uniform Complaint Procedures," which say that your school district must to do the following:

- · Have a staff member who is responsible for receiving and investigating complaints who is knowledgeable about the law.
- · Every year, notify parents, employees, students, and anyone interested of the district complaint procedures, including the right to appeal the school district's decision to the California Department of Education.
- Protect you from retaliation after you make a complaint.
- · Keep your complaint confidential as appropriate.
- · Accept complaints from any youth, adult, public agency, or organization.
- Investigate your complaint, come up with a solution, and send you a written report no more than 60 days after they receive your complaint

What is the state Department of Education obligated to do?

As the authority over public schools, the California Department of Education (CDE) is responsible for making sure that schools follow AB 537. If your school district fails to adequately resolve your complaint, the CDE is obligated to do the following:

- If your school district does not act within 60 days of receiving your complaint or if you appeal the school district's decision, the CDE is obligated to complete an investigation within 60 days, and make a decision about whether the school district has lived up to its responsibilities and whether it needs to do anything else.
- · Require schools to take steps to improve problems raised through investigation of complaints.
- Request a report of the schools' actions and keep a file of every written complaint received.

Other options for holding your school accountable:

- Litigation. You can sue your school district. With the help of an attorney, students can ask a judge to order the school to stop discrimination before it happens or continues. This is called injunctive relief. It's cool because a judge issues an "injunction" (order) to your school district - and your school district has to do it immediately! You can do this while going through the complaint process.
- Community Organizing. Organize other students, teachers, staff, parents, and community allies to form a community response to the problems of homophobia and transphobia in your school. Think of AB 537 as a tool and use it as leverage to work to change the school climate.

To learn more about how you can implement and enforce AB 537, check out our student organizing manual at www.gsanetwork.org/ab537/ or call one of our offices.

California Education Code Section 32228

- (a) It is the intent of the Legislature that public schools serving pupils in any of grades 8 to 12, inclusive, have access to supplemental resources to establish programs and strategies that promote school safety and emphasize violence prevention among children and youth in public schools.
- (b) It is also the intent of the Legislature that public schools have access to supplemental resources to combat bias on the basis of race, color, religion, ancestry, national origin, disability, gender, gender identity, gender expression, or sexual orientation, as defined in subdivision (r) of Section 12926 of the Government Code, and to prevent and respond to acts of hate violence and bias-related incidents.
- (c) It is further the intent of the Legislature that schoolsites receiving funds pursuant to this article accomplish all of the following goals:
- (1) Teach pupils techniques for resolving conflicts without violence.
- (2) Train school staff and administrators to support and promote conflict resolution and mediation techniques for resolving conflicts between and among pupils.
- (3) Reduce incidents of violence at the schoolsite with an emphasis on prevention and early detection.
- (4) Provide age-appropriate instruction in domestic violence prevention, dating violence prevention, and interpersonal violence prevention.

Resource Family Foster Youth Education Information

Immediate Enrollment

Allows a foster youth to be immediately enrolled in a school even if all the typically required school records, immunizations or school uniforms are not available. As well as if moneys/fines are owed at the previous school. *EC* 48853.5(B)

Care Provider Role

The care provider has the day-to-day responsibility for the care and supervision of this student/youth and he/she has the authority to sign school enrollment forms and permission slips for field trips or participation in extracurricular activities. The care provider can attend parent/teacher conferences, SST's, IEP's and other educational meetings.

Educational Rights Holder

The Educational Rights Holder (which is usually the parent's unless court has restricted their rights) continues to have access to all the student's educational records and should be notified of any information or meeting related to his/her education. Only the Education Rights Holder can sign for assessments and IEP's.

School of Origin / School Stability

Overview of the Law:

Foster Youth have the right to remain in their school of origin if it is their best interest, as determined by their Education Rights Holder

Definition of School of Origin:

A youth's school of origin may be: (1) the school the youth attended at the time they entered the foster care system; (2) the school the youth most recently attended; or (3) any school the youth attended in the preceding 15 months with which they have a connection (e.g., sports team, relationships with peers or teachers).

Feeder Patterns:

If youth are transitioning between elementary and middle or middle and high school, then school of origin includes the next school within the school district's feeder pattern. CA ED Code 48853, 48853.5, 48859

School of Origin Waiver:

A foster youth in out of home care has the right to stay in their school of origin unless that right was waived and approved by the (1) <u>child</u>, (2) <u>minor's counsel</u>, (3) <u>foster youth liaison</u> and (4) <u>educational rights holder</u>.

Best Interest: Information to take in consideration in determining the youth's best interest; Student's school preference, age of the foster youth, distance/time of commute and what impact that might have on student's education, personal safety, a student's need for special instruction, the length of anticipated stay at temporary location, time of the school year, schools siblings attend, special programs or activities, transportation

Educational Travel Reimbursement Stipend:

Resource Families may ask that the Social Worker complete an Educational Travel Reimbursement Request when transporting a youth 4 miles or more (1 direction) for a stipend or bus passes (older youth) to ensure the youth remains in their School of Origin

New Directions Foster Parent Association

Benefits of Membership:

If you are a member of your local chapter, you automatically become a member at the state level (your local chapter is responsible for submitting your membership information to the CSFPA Membership Chairperson).

MEMBERSHIP CARD: Each member is issued a CSFPA membership card. This membership entitles the holder to vote at the annual business meeting, and receive a discount rate when registering for the annual CSFPA training conference.

COMMITTEE ASSISTANCE: CSFPA members have access to the statewide chairpersons that will be available to help you when you need them. Below is a list of the current committees. (See Committee link for more information)

QUARTERLY NEWSLETTER: Members receive the CSFPA newsletter quarterly with information relevant to providing foster care in California.

ANNUAL TRAINING CONFERENCE: Members receive first notice of the annual CSFPA Training Conference held in different regions of the state.

The California State Foster Parent Association has the expertise it takes to increase benefits for foster children and their caregivers. The State Association was instrumental in getting state funded training monies that are now dispensed, through the local Community Colleges, to train foster parents/resource families throughout the state. The CSFPA is constantly watching over, protecting and working toward maintaining these funds.

The CSFPA is well worth your membership dues. Foster Parents formed it for Foster Parents/Resource Families. The more members we have, the more we can do to support our goals.

New Directions of Humboldt currently meets over Zoom on the first Thursday of each month at 9:30am (except July & August). Please contact Treasurer Kris Chorbi at 707-476-4455 for questions or the link for the meetings. We hope you will join us!

COST: Single Membership \$35.00 Dual Membership \$45.00 Mail completed application and fee to:

Chapter and State Association Membership Benefits

Local associations are formed into chapters of the non-profit (CSFPA and hold periodic (usually monthly) meetings. The state-wide CSFPA (made up of chapters throughout the state) holds quarterly meeting alternating between Northern, Central, and Southern California. Membership in (and dues paid to) your local association also makes you a member of the State Association. You are invited to join and attend the local and state meetings, whereby you will be entitled to several typical benefits, such as those listed below:

- 1. Become part of a support group established for foster and kinship partner where you can learn from others, discuss your concerns, brag about your kids and learn how to work with your local county or foster family agency, which is responsible for looking out for the welfare of our children.
- 2. Most local associations offer 2-3 hours of training (required of foster parents) at local and State Association meeting, for which you, as a member, will receive a certificate of training. Notices and reminders of upcoming training sessions being offered are routinely sent out to all members.
- 3. A quarterly State Association newsletter with meeting announcements, articles of special interest to foster and kinship parents, and the latest information on issues and concerns impacting the foster and kinship care communities.
- 4. Receive information on the CSFPA Annual training conference scheduled in October of each year, that provides an opportunity to meet other foster parents from around the state: to hear and participate in many exciting and informative seminars; to attend the awards banquet recognizing outstanding service by selected foster parents and social workers; get ideas on what other county FPAs are doing for their members; and also, a chance to get away for a few days.
- 5. Scholarships for foster and kinship children are offered by the State Association and often by the local chapters.
- 6, Eligibility for all children in your family (including your natural, kinship, adopted, and guardianship children) to participate in local association special events. These may include such things as annual Christmas parties, summer picnics, reduced registration fees for the annual State Association Training Conference, "Parents Night Out" and other events as developed and sponsored by your local and State Association.

7. Information on the activities and upcoming change in county and state policies affecting foster and kinship parents via participation in Foster Care Advisory Boards, (which involves a quarterly or even monthly meetings between the chapter presidents and local agency supervisors and management). You are also welcome to submit common foster and kinship parenting issues and concerns through the chapter president to the CSFPA for evaluation/resolution.

Local chapters generally obtain their non-profit status through the CSFPA's group exemption non-profit number grant by the IRS to the CSFPA. Therefore, your local chapter or support group can raise funds for special projects without liability, for paying associated taxes. This also allows the chapter to give donating organizations a tax write-off for goods and services donated to or in support of the chapter's activities.

Note: By signing application, members agree to abide by the State and local FPA bylaws and operating procedures.

Membership dues are established by each local association and include State Association Membership dues of \$15.00 per person. Please note that if one person, as shown on the license or certification joins the FPA both members must join\ per our CSFPA bylaws. You are encouraged to join the CSFPA through your local association, who will forward your State Association dues to the State Membership Chairperson. However, you may join the CSFPA directly as an associate member by paying annual dues of \$50.00 per person and sending the application directly to the State Association Membership Chairperson.

Providing youth with the resources needed to achieve their maximum education potential

FOSTER YOUTH EDUCATION SERVICES

Federal and State legislation mandates all public school districts establish policies and implement support services designed to increase school stability and academic success for foster youth students (Every Student Succeeds Act, ESSA; Local Control Funding Formula, LCFF; AB 490; AB 854).

- Foster Youth Liason: Requires school districts to designate a trained staff person to ensure proper placement, transfer and enrollment in school.
- School Stability: Supports stability by allowing foster youth students to remain in their school of origin for as long as they have an open juvenile court case. Furthermore, they have the right to remain in their school of origin pending resolution of school placement disputes.
- Transition: Schools are to collaborate with placing agencies in developing transportation plans to keep students in their school of origin and share any extra costs associated with the plan if necessary.
- Immediate Enrollment: Allows a foster youth to be immediately enrolled in a school even if all typically required school records, immunizations, or school uniforms are not available.
- Partial Credit: Requires all districts to calculate and accept credit for full or partial coursework satisfactorily completed by the student and earned while attending public school, juvenile court school or nonpublic, nonsectarian school.
- Foster Youth are automatically eligible for all free school meals.
- Requires that a comprehensive public school be considered as the first school placement option for foster youth.
- Ensures that foster youth will not be penalized for absences due to placement changes, court appearances, or related court ordered activities.
- Authorizes the release of educational records to foster youth to county placing agencies or

- court representatives for case management responsibilities or with assisting with school transfer and enrollment.
- Preschool age foster youth have priority registration in any state or federal funded preschool programs such as Early Start or Head Start.
- AB 167/216 Graduation Option.

MCKINNEY-VENTO HOMELESS EDUCATION SERVICES

Federal law, the McKinney-Vento Homeless Education Assistance Act, insures that any homeless or displaced youth has equal access to the same free and appropriate public education as other students (including state and federal preschool programs). The legal definition is, "individuals who lack a fixed, regular, and adequate nighttime residence as a result of economics, circumstances, or natural disasters." This can include:

- Sharing of housing (doubled/tripled-up)
- Motels/Hotels
- Transitional Housing Programs
- Shelters (including Youth Shelters), safe houses
- Cars, parks, abandoned buildings, campgrounds
- Trailers without sufficient access to plumbing and power
- Substandard Housing
- Couchsurfing
- Runaways
- Unaccompanied Youth

Services Include:

- Homeless Youth Liaison: Requires school districts to designate a trained staff person to ensure proper placement, transfer and enrollment in school.
- School Stability: Allows homeless/displaced students to remain in their school of origin for as long as they are homeless.
- Transportation: Assist in with developing transportation plans to keep students in their school of origin.
- Immediate Enrollment: Allows youth to be immediately enrolled in a school even if all typically required school records, immunizations, or school uniforms are not available.

- Transfer of Records: A timely transfer of all educational student educational records when a change in school occurs.
- Partial Credit: Requires all districts to calculate and accept credit for full or partial coursework satisfactorily completed.
- Homeless/displaced youth are automatically eligible for all free school meals.
- Preschool age foster youth have priority registration in any state or federal funded preschool programs.
- AB 1806 Graduation Option.

Other Foster & Kinship Care Education Classes

Adoptions

This class is designed for families that are thinking about becoming adoptive parents, in the process of becoming adoptive parents, or already are an adoptive family. The facilitator has many years of experience as an adoptive liaison, working with pre and post adoptive families, birth families, and Kinship providers. If this subject applies to you, please come and check out this amazing class and meet other adoptive parents. This class if offered quarterly and is required if adopting through Humboldt County CWS.

Behavioral Health 101

Mental Health Toolkit for Resource Families is a training that will provide general overview and basic skills for resource families. Most children in foster care will at some point experience challenging and often-scary behaviors that can greatly affect the success of being in their placement. This class will help the resource family learn some techniques that can help keep the child safe until the situation dissipates and/or until professional help can assist.

Commercial Sexual Exploitation of Children (CSEC) Awareness Training

Commercial Sexual Exploitation of Children is a form of human trafficking happening around the world that occurs when an individual buys, trades or sells sexual acts with a child. This training is about raising awareness, recognizing the dynamics, identifying the vulnerabilities, and identifying CSEC warning signs. Most importantly, you will learn how foster and kinship home care intersects with CSEC. This class should be taken within 12 months AFTER certification.

Grief & Loss

This workshop gives participants an opportunity to discuss feelings of grief and loss associated with being an ambassador for the children that are/will be part of your home. Grief and loss is multi-dimensional and we will explore how it affects you, your family, and the children you get to care for. Our time together will consist of information, activities, and discussion designed to provide you tools and tips to assist you through the process.

ICWA (Indian Child Welfare Act)

Tribal children and families have special legal protection when involved in the child welfare system. This training will focus on ICWA for caregivers, helping caregivers understand the history and importance of the Indian Child Welfare Act and caregiver responsibilities to keep tribal children connected to their extended family, tribal community and tribal culture. Trainers come from the California Tribal Families Coalition.

Infants in Care

Infants in Care is a required pre-service class offered at College of the Redwoods for any resource parent who plans to care for an infant under the age of one year old. Often, many of the infants who come into the foster care system were exposed to addictive opiate drugs or alcohol while in the mother's womb. During the Infants in Care class, a trained facilitator will provide in depth instruction on ways to care for an infant who was exposed to opiates in the womb and who may suffer from Neonatal Abstinence Syndrome (NAS).

Our Nervous System, Trauma & Attachment

This class focuses on trauma and attachment; what it is and how it forms, as well as the difference between normal and abnormal attachment. Attachment disorders are examined, and participants are provided with tools for dealing with issues surrounding attachment. The trainer will also discuss and describe the behaviors experienced by children taken into care and how best to deal with those behaviors.

Visitation

This "Visitation" class will focus on the key elements and mandates of parent child visitation through the child welfare system and best practice for developing visitation plans, including child and family team meetings. Visitation is often referred to as the "heart of reunification", we will be exploring the rationale behind this, and the mechanism child welfare utilizes to attend to this important aspect of foster children's lives.
